Training | NICCS

Federal Virtual Training Environment (FedVTE)

The Federal Virtual Training Environment (FedVTE) provides FREE online cybersecurity training to federal, state, local, tribal, and territorial government employees, federal contractors, US military veterans and the public. Managed by DHS, FedVTE contains more than 800 hours of training on topics such as ethical hacking and surveillance, risk management, and malware analysis

4th Annual National Cybersecurity Summit

This event brings together cybersecurity and critical infrastructure stakeholders from around the world and provides a forum for meaningful conversations and collaboration about how we can protect our physical and cyber infrastructure. Each day features a different theme that focuses on our mission to "Defend Today, Secure Tomorrow," with presentations from targeted leaders across government, academia, and industry. This is a no-cost event and is open to everyone, but pre-registration is required.
